Part I

1. The Principal's Report

Academic and Administrative Details

The Principal is the Head of the institution, accountable for the financial, academic and administrative aspects of the college.

The internal organizational structure can be analyzed separately for **academic and administrative concerns**.

For **academic concerns**, the courses are formulated by the Boards of Studies of the different subjects, then approved by the Academic Council and the teaching planner and technique is decided by the relevant teacher. The quality enhancement committee has also given the privilege of suggesting techniques and practices to improve teaching. The examination evaluation and results are the responsibility of the Autonomous Cell.

For **administrative concerns**, the decisions involve the office sections. The **office administration** in the college, is divided under three major sections, namely, the **establishment**, the **accounts** and the **student welfare** section. Though, there are sanctioned posts of Registrar and Head Clerk, there has been no person appointed since 2008-09 (after the previous employees retired). The senior most person in the office has been therefore given the charge as the office head. Since Building concerns also one person for Building proposals and correspondence has been assigned who also takes care of UGC proposals. The College also has a Janbhagidari Samiti (a Govt. plan to bring in resources from agencies outside the college) for which one person from the establishment has been made in-charge, who keeps that account and assists in the works and meetings.

The student **admission** and undergraduate examination work has been given to a office section, which is assisted by various committees of the teachers, namely admission committees , time table committee, examination centre superintendent, & Assistant Superintendents.

Research, Consultancy & Extension

- The college has a committee to monitor research work done by the faculty every research guide is doing independent research and 34 professors are research supervisors for Ph.D. students registered in the University.
- Since the college does not have its independent funds for research, the policy is to encourage students to get the fellowships & work under research guides. Besides, major and minor projects have been sanctioned to teachers in Geography, Home Science (Nutrition), Economics and English.
- Seminars and conferences are organized and guest lectures are arranged periodically by each department, especially for the PG students. The Zoology & Chemistry department have zoological and chemical association where one special lecture is presented every year by some subject expert.
- Scholarships are available through State Govt., Rajiv Gandhi Fellowship, ICSSR, and the UGC Fellowship. Since 2011, 21 students have been awarded with Rajiv Gandhi scholarship in subjects like Home Science, Sociology, Philosophy, Economics, Political Science, Geography, and Zoology.
- The college is recognized research centre for 13 subjects, with 98 new admissions for Ph.D. There are 34 professors as registered guides in the departments declared as research centres i.e. Hindi, English, Urdu, Economics, Sociology, Geography, Political Science, Philosophy, Home Science, Music, Zoology, Botany, and Chemistry. The researches going in different areas and usually, each guide has some fields of expertise which is conveyed through these Ph.D.

2. Overview

VISION:

- Development of self confidence, self reliance, communication skills and economic independence among girls.
- To identify gifted students and help them to develop their full potential by cultivating physical fitness, right interests attitudes and moral-intellectual values.
- To generate knowledge with essential inputs of resources such as laboratories and modern equipments; thereby creating an ambience conducive to substantial research work.

MISSION:

MJBGGPGC, Moti Tabela, Indore is a college which inspires girls to realise their potential through a unique educational journey built on tradition, innovation, diversity and excellence aimed at enriching our world to provide quality higher education to women, especially those belonging to the socially and economically weaker section of the society at low cost, for their overall personality development and empowerment.

3. Senior Management Team and Board of Governors

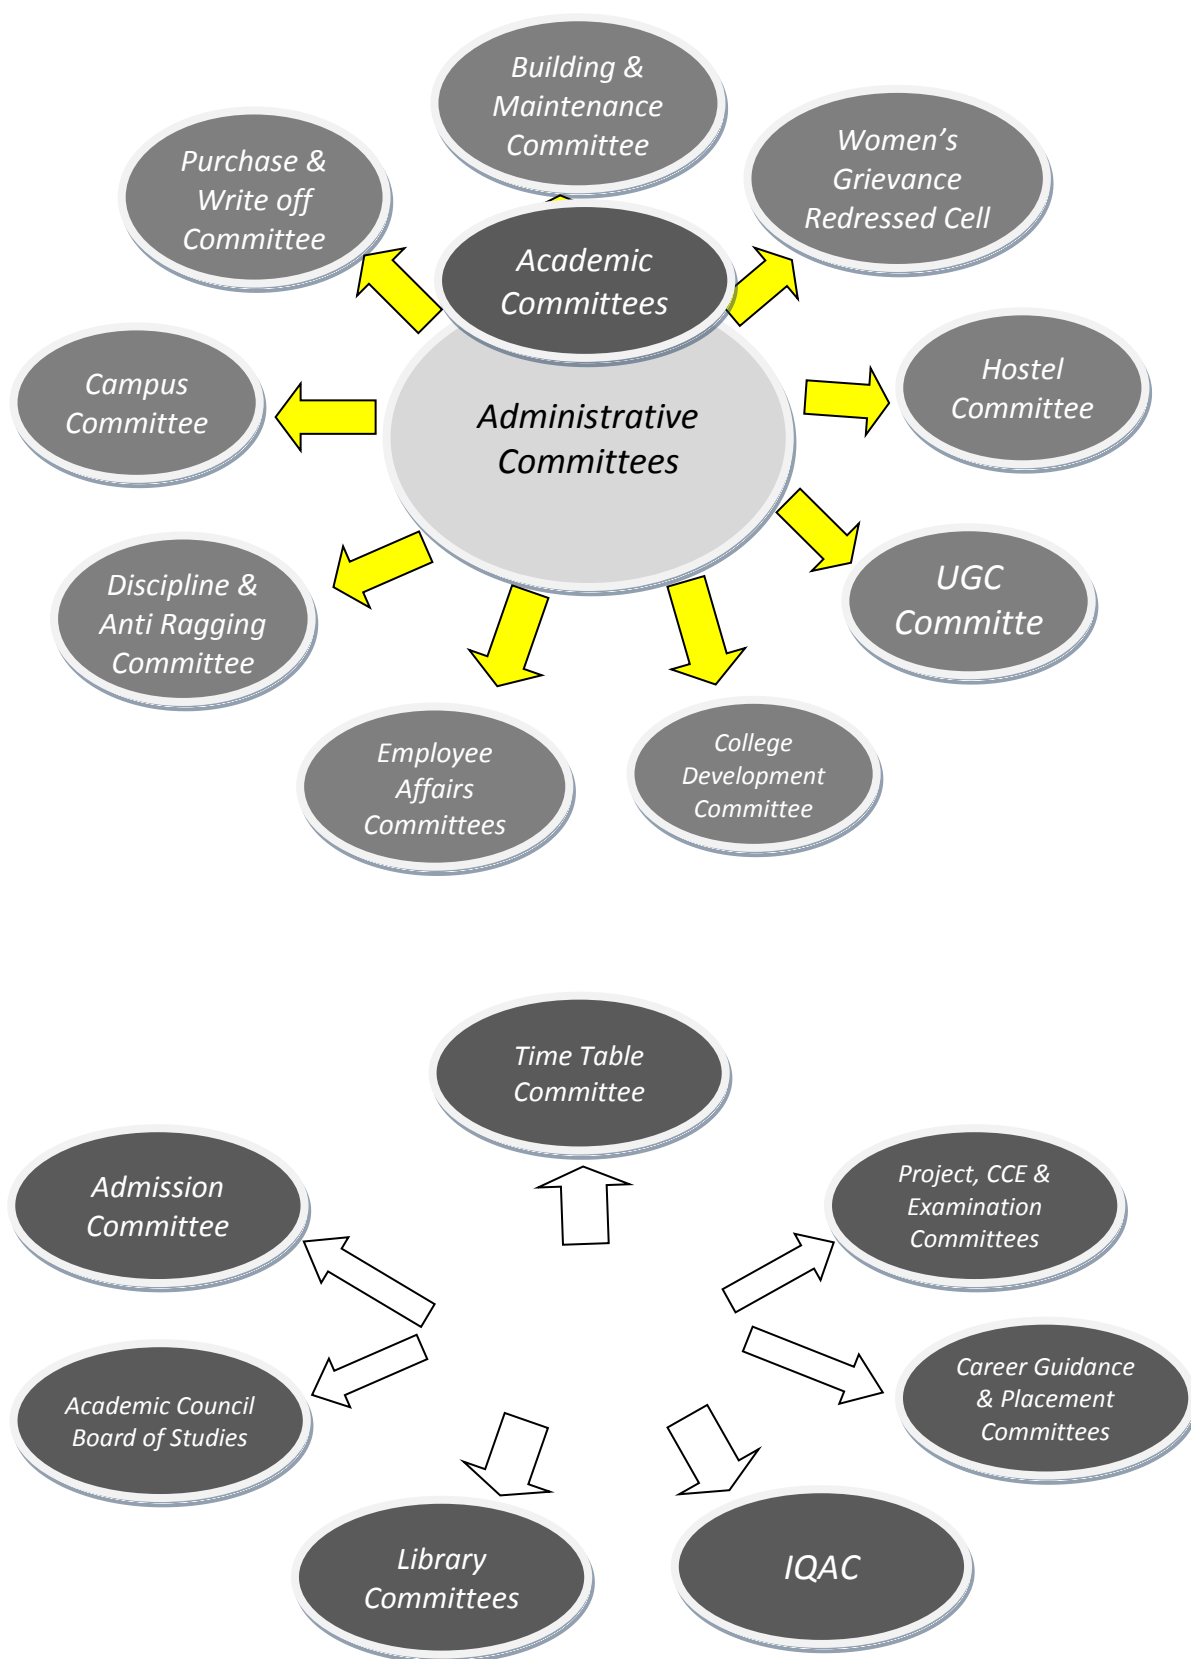

Governance Structure of College

The college ensures the organizational efficiency and its role in quality maintenance through various administrative and academic committees. Most decisions are made through of a democratic approach by discussions and reaching a consensus regarding the issues. The college community has a culture of problem solving through consensus and the heads have the capability of executing most of the plans through their departmental meetings.

The **Principal** is the head of the institution, as established by the higher education department, and he/she is appointed by promotion, through the list of professors with their seniority officially determined. Meetings are held minimally once a month with heads of departments, and with the entire staff periodically where the teachers are encouraged to participate actively and propose new ideas and activities to implement and improve the basic teaching and related processes.

The **committees** are formed by the Principal with the charge of the different duties distributed among the senior teachers. In the present system, the Principal has been making the committees in consultation with the senior teachers who are expected to carry over the activities through the common participation with their committee members. These committees have been elaborated in Annexure I. The committees carry out their functions through meetings and usually have reports submitted at the end of the year or on specific occasions. The Academic Committees are displayed in the following figure –

Similarly Administrative Committees have been displayed in the following figure

Besides, there is a cultural activity Committee including the members conducting the Youth Festival and Music Professor in-charge of the different programs of the college.

Similarly, there is a sports committee and scholarship committees related to different kinds of scholarship.

The interaction with the **stakeholders** involves firstly, the parents of the students, and secondly, the **potential employers**. The parents are interacted with through department wise meeting with parents which are however not very frequent. However, parental interactions are attended to by the Principal, & heads as and when they want to present their issues additionally, the hostel Warden attend to issues presented in the context of hostel accommodation.

Regarding potential employers/ industry links the placement officer interacts and arranges for student interviews, and generally communicates the potential employers' intentions. Additionally, certain departments have established contacts for internship projects as part of the final semester of each batch of students.

Reinforcing a culture of **excellence** is the key idea behind the quality enhancement movement of the higher education department and the college level management

- firstly, a quality enhancement cell has been established in the college
- The Academic council and the Boards of studies have their regular meetings to ensure quality of the syllabi as well as other educational activities like seminars, workshops and teaching methodology.
- The examination system is reviewed each year, with improvements suggested as and when required by the examination committee of the autonomous cell of the college.

Identification of needs is done through a basic process of inviting proposals or written requests which are sent to appropriate agencies like the PWD for construction, repairs etc., to the University, if related to courses or examinations.

The process of organizational development is carried out firstly, with the help of higher education training programs. Many teachers have been nominated and sent for these programs.

Secondly, each committee has an in-charge professor who learns to co-ordinate the related activities which again is the best training for managing the activity relevant to the

committee's responsibilities. Besides, the teachers are encouraged to attend workshops, seminars and short term training courses conducted by the University or other institutes.

2. Hostels-

Existing Capacity of the hostels and occupancy

There is a Girls Hostel with 48 Rooms having capacity for 190 girls and an adjoining block for SC/ST students (under the administration of the Tribal Welfare department). All the rooms are occupied and there is so much of demand that a room for accommodating 8 girls is made available when no space is left. A proposal for another hostel has been sent to UGC for the next session.

The students make use of the college gymnasium which is in the campus, and yoga & other classes are made available occasionally. There is a reading room facility with magazines, and a hall with television for the students to use collectively. The mess for meals is run with the help of the student committees and 10 servant staff under the monitoring of the Warden.

9. Events and Initiatives

We in India are really concerned about making education relevant and enable our graduates to find meaningful and gainful employment. As said earlier, explosion in population has put a lot of strain on our educational resources. Therefore, our Institutional Development Proposal is relevant to the State as well as National development plan. We do understand that highly qualified and experienced faculty is a precious human resource who will play the most important role in nurturing the future of the nation - our youth and also promote research oriented studies and activities. So there should be enough room to upgrade students with training in new pedagogies, facilities, investing in learning resources and upgrading our infrastructure by modernizing classrooms and laboratories with latest educational technology and creating better student support opportunities. We rightly believe in equity and accessibility in education. So we have proposed remedial classes for students of SC/ST/OBC/ etc. Moreover, this being an era of managing information and data we have proposed Information management system that will allow us to manage students' data, curriculum, syllabus, classroom teaching more effectively. To manage a technically advanced scenario we would also require technical assistance.

Objectives:

- Improving employability of graduates and increasing enrolment ratio in PG courses
- Improving learning outcomes of the students
- Preparing teachers for changing educational scenario
- Becoming Model College
- Implementation of academic and non- academic reforms
- Improving interaction with industry
- Enhancement of research and consultancy activities

Role of Internal Quality Assurance Cell (IQAC) in academic audit and initiating quality assurance strategies and processes

IQAC and NAAC

1	Year establishment of IQAC Cell	2004
2	Steps taken by IQAC for quality enhancement	1. Promotion of research 2. Full autonomy 3. New academic plans/ courses 4. Improvement in basic infra structure 6. Regular interactions with stake-holders 7. Academy-industry partnership 8. Teachers training program 9. Regular seminar/ workshops and conferences 10. Support from alumni.
3	Future Plans	As described
4	NAAC assessment-	
	a. Cycle 1 b. Cycle-2 c. Cycle-3 (Next due)	B ⁺⁺ B Cycle -3
5	Challenges based on NAAC report	1. More research particularly in science subjects. 2. Renovation of old science laboratories. 3. Quality of teachers recruited by janbhagidri committee. 4. Add on courses 5. Transfer of college teachers.
6	Plan of action to overcome these identified weaknesses	1. Have proposed for renovation and extension of labs. Under RUSA.(work complited) 3. A Language lab under RUSA 4. capacity building- New hostel funded by UGC
7	NAAC Grade	“B” Valid till March 2020

10. Placement Report

About Placement Cell

The Placement Cell organizes campus interviews by inviting various companies for the placement of the student for jobs. It fulfils dual purposes, one for students securing their future career, another for the industry securing the fresh talent available in the region to train and mould them for their long time need of the employees.

The cell undertakes various activities of training and grooming of students in terms of conducting mock interviews, GD sessions, resume writing workshops, HR meeting etc. Along with providing placement assistance to students of degree and P.G. ., the placement cell also helps in managing industry interactions and industry relations.

Placement Process

The Institute helps each student in exploring placement opportunities by inviting various companies for campus recruitment of students who are in the final year of the degree and are likely to graduate and post- graduate at the end of the academic year.

The final placements, at the Institute, are a result of very systematic interaction with the industry and continuous career counselling of the students. Right from the beginning of the programme, students are continuously counselled with regard to her career aspirations and options, which in turn is vigorously followed up with the potential companies for participating in the placement programme of the Institute. This not only helps the students in getting their desired jobs but also assists the visiting placement companies in identifying the 'right' candidate for their organization. However, the placement will be governed by Placement team in charge.

Planning for Placement

The placement activity is primarily managed by the Placement Committee headed by Placement officer of the institute Dr (Mrs) Manisha Sharma (Pande) and other committee members which includes faculties and students from various departments.

Placement Training

The Institute prepares a Placement training, giving details of the students ready to be placed for the benefit of the students and potential recruiters. This training is subsequently shared with potential recruiters. The students registered for placement are included in this training. The Final Year UG & PG Students are taught and trained regarding a systematic making of their CVs. Many outstanding persons from various fields are invited to deliver motivational lectures.

The Broad Activities Undertaken by the Placement Cell are:

Formation of Students' Placement Committees for final placement and also for getting industrial training and industry linked project work for students.

- Preparation of Placement Brochure for final placement.
- Pre-placement visits (PPV) to the companies.
- Communication, networking and relationship building with the potential recruiters
- Invitation to potential recruiters to visit the Institute.

- Continuation of placement activities. Grooming and training of the candidates for the placements so that their chances of selection increase.
- General follow-up, joining formalities and other administrative activities.

Institute Placement Committee

Placement related activities, at the Institute, are carried out by Placement committee – it comprises of faculties from various departments of the institute. Student representatives from various branches who are in their final year are also appointed as committee volunteer . The committee is headed by Placement officer. The placement committee is usually formed in the month of July.

11.Innovations and Best Practices

Blind Helpline Cell

This college is the only college of M. P. where maximum numbers of blind students are studying along with the normal students. In the session 2018-19 were 50 blind students were studying in different courses. These students learn by hearing the lectures of the teachers and therefore they require “writers” in their examinations. To help them out more than 500 students have become members of this cell who help them in writing in their examinations and their day to day work. It is pride privilege of this college that such students are now working as Professors, Clerks, School Teachers and in Railways.

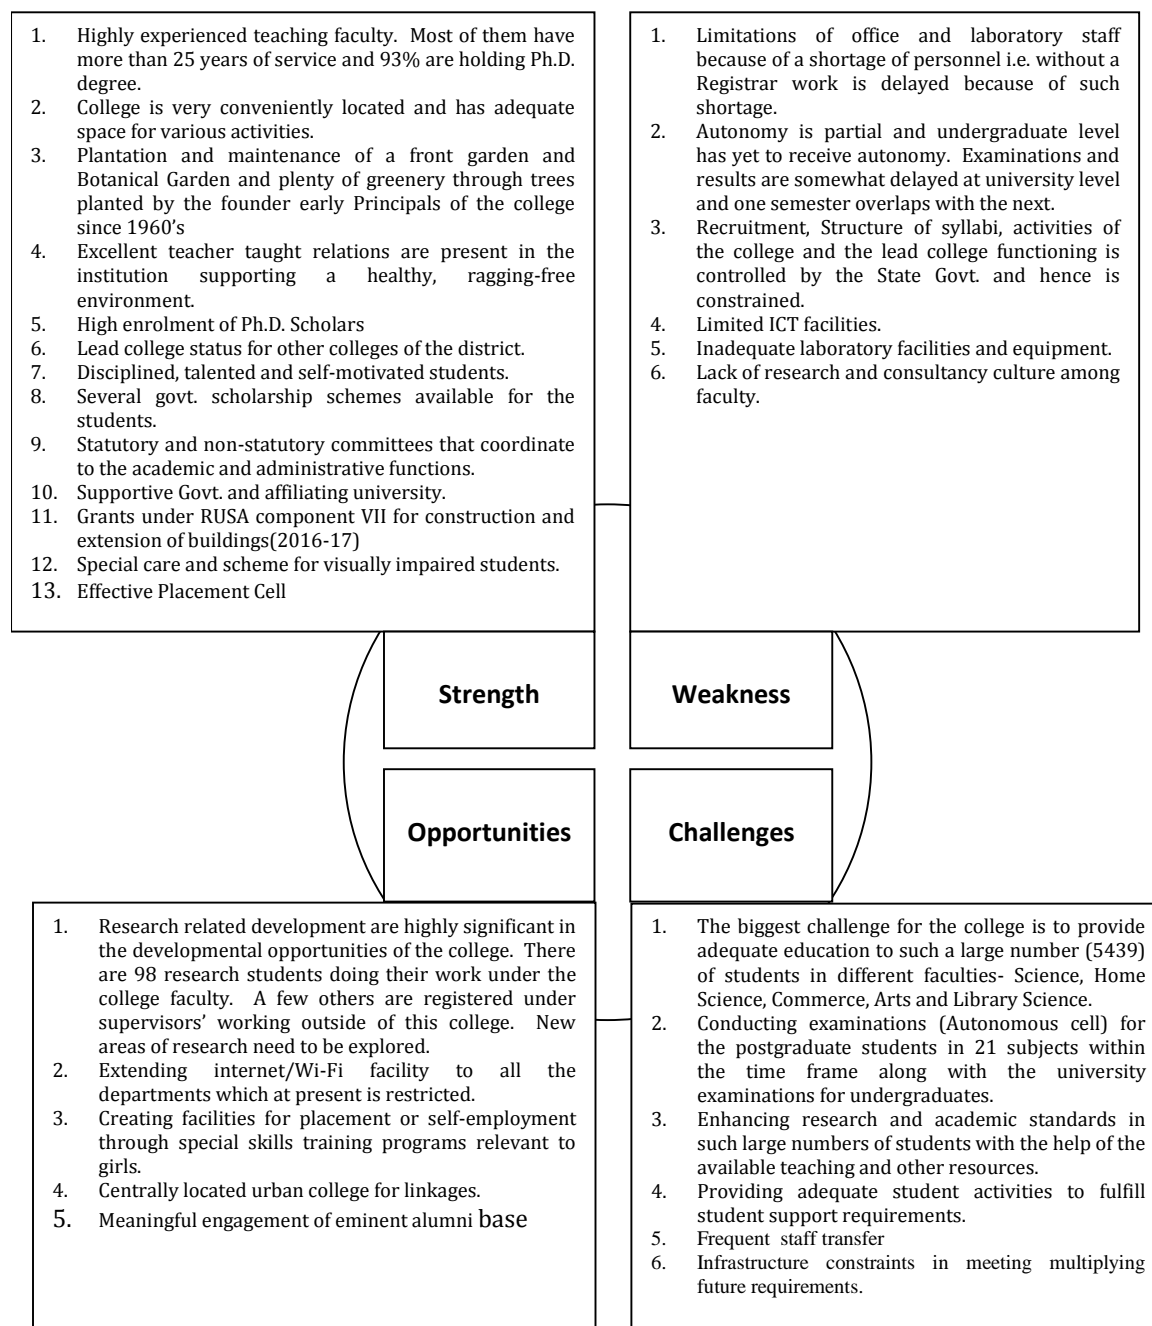

To provide the employment to such students we have organized the workshop on 05-08-17 where director of Enable India Dr. Homiyar and Dr. Mozes guided students for the opportunities available for upliftment of such students.

26 such students were awarded scholarship of Rs. 10000/- by Help the Blind foundation, Chennai. Similarly Priyanka Sanawad was awarded with a laptop by Bharat Dey.

For visually impaired students, staff members and students of the college contributed Rs. 7500/- to Indian Association for Blind, Madurai, for the efforts of the college the momento and appreciation letter was provided.

Placement – Three such students were placed this year, Ku. Vaijyanti Yadav in New India Insurance, Ku. Krishna Gawli in Canara Bank and Ku. Rashmi Gurjar in Central Bank.

12.SWOC Analysis (strength , weaknesses, Opportunity and Challenges

Today all institutions face huge challenges with regard to improving the quality of education imparted and maintaining the same. A close look at the SWOT indicates that funds are needed for more modernized classrooms, and laboratories, better library resource, better accessibility of students to these learning resources, improving opportunities for acquiring higher qualifications. All these will be possible only if we pay adequate attention to strengthening the teaching faculty by increasing the facilities and imparting more training in emerging areas of educational practices and research. Special attention also needs to be given

to English language skills of the student which will help in improving their academic performance as well as bringing them at par with English medium students. It also needs to be mentioned that employers today expect people to be well rounded .So it will be worthwhile to train students through student support programmes. Language labs can be setup apart from Science Laboratories. Therefore we propose for future plans

13. Looking Ahead - Future Plans

The Members,
MATA JIJA BAI GOVT GIRLS POST GRADUATE COLLEGE
INDORE (M.P.)

We have audited the attached Balance Sheet of **MATA JIJA BAI GOVT. GIRLS POST GRADUATE COLLEGE , INDORE** as on **31st March 2019** and also Income & Expenditure Account for the year ended on that date annexed thereto. These financial statements are the responsibility of the management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We report that:

- i) We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of audit.
- ii) The said Income & Expenditure Account are in agreement with the books of account.
- iii) In our opinion and to the best of our information and according to the explanation given to us, the accounts give a true & fair view :-
 - (A) In case of the Consolidated Income & Expenditure Account of the Surplus for the year ended on that date.
 - (B) In case of the Consolidated Balance Sheet for the year ended on that date.
